PROFILE

I am a Computer Science and Engineering student at Varendra University, Rajshahi, and have recently completed my graduation. I have hands-on experience in frontend web development using HTML, CSS, Tailwind CSS, and JavaScript. I have built several personal projects focusing on DOM manipulation, API integration, event handling, form validation, and UI logic. Currently, I am deepening my JavaScript knowledge and learning back-end by using javascript.

TECHNICAL SKILLS

- Languages: JavaScript (ES6+), HTML5, CSS3, SQL.
- Frameworks & Libraries: Tailwind CSS, React.js, DaisyUI.
- Tools & Platforms: Git, GitHub, VS Code, MySQL, Netlify.
- Key Concepts: DOM Manipulation, API Integration, Responsive Design, Form Validation.

PROJECT

Green Earth – Frontend Web Application
Technologies: HTML, Tailwind CSS, JavaScript
Live Link: https://glowing-monstera-2a0d33.netlify.app/

- Developed a responsive frontend application with a clean and user-friendly UI
- Integrated external APIs to fetch and display dynamic data
- Used JavaScript DOM manipulation to manage UI logic and user interactions
- Optimized the layout for mobile, tablet, and desktop devices

Payooo – Simple Online Mobile Banking Web App
Technologies: Tailwind CSS, DaisyUI, JavaScript
Live Link: https://al-bariul.github.io/payoo-mobile-banking/
github Link: https://github.com/al-bariul/payoo-mobile-banking

- Developed a responsive web app for mobile banking with a clean and interactive UI
- Implemented dynamic balance updates and section toggling using JavaScript DOM manipulation
- Managed UI state, including show/hide functionality and active button states
- Built an interactive interface for adding money and cashing out (UI logic)

Toy-Topia: Supporting Local Sellers
Technologies: React, JavaScript, DaisyUI, FireBase, ReactRouter
Live Link: https://toy-topia-3f784.web.app/
Github Link: https://github.com/al-bariul/Toy-ToPia

- Secure Routes: Protected toy details and profile dashboards.
- Smart Auth: Google & Email login with real-time password validation.
- Dynamic Profiles: Edit and update user info directly via Firebase updateProfile.
- Fully Responsive: Fluid layouts that look great on any device, from mobile to ultra-wide.

EDUCATION

B.Sc. in Computer Science and Engineering, Varendra University, Rajshahi | Graduation Completed

- Relevant Coursework: E-commerce and Web Programming, Database Management System
